DOCKET: 05-00046

IN RE: Generic Docket For the Purpose of Examining TRA Rules, Policies
and Procedures in Light of Current Trends in Gas Industries

DATE: February 2, 2005

In remarks made during a regularly scheduled Authority Conference held on November 22, 2004, Director Deborah Taylor Tate encouraged dialogue between the Tennessee Regulatory Authority ("TRA") and representatives from the gas industry, the Consumer Advocate and Protection Division of the Office of the Attorney General and other interested persons regarding emerging trends in the gas industry and whether current TRA rules, policies and procedures efficiently and effectively address these trends.

Accordingly, the Tennessee Regulatory Authority seeks public input and requests that any interested person or entity desiring to file comments do so no later than **2:00 p.m. on Tuesday, March 1, 2005**. Comments should address whether the rules and procedures, particularly those relating to audits and mandatory filings, should be amended to reflect current trends in the gas industry and should include suggestions regarding the forum (e.g. workshop, informal meeting) for discussions. All comments must be filed with the Office of the Chairman.
